

Dear Senator Nelson

I like RIF books because it has really good books

and I don't want it to stop. I also like RIF

because sometimes the books teach me something,

Please don't stop giving money to our school to buy books. I

like all of the books that we get thanks to you, so

please don't stop giving money to our school because

reading is power! Please remember reading is

fun so don't stop giving books to us

because I like reading. That's why I

have a big collection of books.

Elementary school
