Some bats are big.
The megabat is the largest bat in the world.

Some bats are small.
The bubblebee bat is the smallest bat in the world.

Some bats eat bugs.
Bats that eat bugs are awake only at night.
This is a brown bat.

Some bats eat fruit.
Some bats that eat fruit are only awake at night.
But many are only awake in the day.
This is a fruit bat.

The Bat Book
