More Spatial Thinking Activities

Spatial Relationships

Can you find all seven objects hidden in this picture?

Spatial Memory

Lucy remembered three places on her way home: the movie theater, the pond in the park, and the bakery. Draw each one below, to help her get home!

Spatial Representations

Imagine you are the owl from the story. You are flying above your neighborhood, or your favorite playground, or the city where you live. Draw what things look like from high up above (your “bird’s-eye view”).

**Spatial Language**

Where is Lucy? Draw her surroundings to complete the scene. Use your imagination, or draw a scene from the story.
1) Draw something in front of Lucy. 2) Draw something in the air above Lucy’s head. 3) Draw something under her feet. 4) Draw something behind Lucy.

Sense of Direction

Lucy is lost! Help her find her way to her den.
