THROW A POLAR EXPRESS PARTY!

The following pages contain tips and ideas for planning the perfect *Polar Express* event at your bookstore, library, or right at home!

GET YOUR TICKETS READY: PREPARING FOR YOUR EVENT

Your *Polar Express* party is your own, and the activities and games you want to incorporate should be unique to you! For a successful event, the best practice is to include a read-aloud of *The Polar Express*, some interactive games for families (both as icebreakers and during lulls), and snack treats or party favors for fun takeaways.

No matter what you do, you'll want to make sure you have a plan in place to keep attending families and kids engaged, while keeping the event layout nice and easy for you.

STRUCTURE YOUR PARTY:

- ✦ **Step 1: Spread the Word:** Once you've set the date for your party, start building excitement by passing out invitations to let your guests know when and where the fun will be! Invitations are included in this kit.
- ✦ **Step 2: Set the Stage for Fun:** In hosting a *Polar Express* party, it's recommended to include a read-aloud of the book as the centerpiece for your guests. But don't forget the games! Prepare a series of ice breaker activities for families and kids to participate in to set the tone for the event. We recommend opening your party with activities like the ones enclosed in this kit (preferably connected to the book) to engage your guests and get them excited!
- ✦ **Step 3: Provide the Right Tools:** In addition to fun and games, it is also essential to plan ahead for any downtime at the event. Also enclosed in this kit is a series of reproducible activity sheets to copy and pass out, to keep kids engaged as attentions may wander during the festivities.
- ✦ **Step 4: Set the Perfect Read-Aloud Atmosphere:** This kit includes a big book edition of *The Polar Express* to use as a read-aloud book for your guests! We've enclosed discussion questions about the book inside this kit to make the read-aloud experience an engaging one.
- ✦ **Step 5: Have Fun!** As any bookstore event manager or librarian knows, attention spans may get lost and challenges may arise! Have fun with the materials in this kit, and don't be afraid to be flexible when needed.

ORDER AND MAKE THOSE DECORATIONS:

You don't need to spend a lot of money on store-bought decorations when you can make your own for the party! Enclosed in this kit are decorating templates for winter garland and fun North Pole signs for guests to add some decorating flair to the party. Here are some additional ideas for pre-party decorations that are simple and fun.

- ❖ **Homemade Wreaths** Purchase plastic plates (available at any grocery or party supply store), and cut a hole in each plate in the center. Then, using paint (in either traditional green or your own unique color choice!) cover over the entire plate (both sides). Once the paint dries, tie a simple ribbon at the top, and voila! Your own homemade wreath. No paint? Another creative option is to pick up bows at your local Christmas Tree shop and, using hot glue (or staples), affix all over the plate for a unique approach to a Christmas wreath.
- ❖ **Candy Cane Bouquets** Add a deliciously decorative touch to your *Polar Express* party with homemade bouquets made of candy canes! Gather a package of candy canes together in a plastic bowl or vase, and tie a red ribbon around the instant bouquet for table tops or the entry way for the event.
- ❖ **Pint-Size Snowmen** Pick up a set of baby food jars (or any small jar available), and, using acrylic or any white paint available, cover the entire outside, head to toe. Then use black paint on the front of the jar to create eyes and a mouth! Don't forget orange paint for a carrot nose! Perfect to decorate your space or as party favors for guests.

DON'T FORGET THE SNACKS!

If your party allows for food and drinks for your guests, here are some simple and quick ideas for to add a little extra fun to your *Polar Express* party! Additional recipe and snack ideas are available further inside the kit.

- ❖ **Snack-Size Santas** Make mini-Santas out of strawberries! Purchase a pack of strawberries and cut the tops and bottoms off of each piece (save the bottoms!) Place the strawberries on a sheet so they're bottom-up. Place a dollop of whipped cream on top of each strawberry, and then place the cut bottoms back on each one. Now place a drop of whipped cream on the top of each strawberry bottom, and voila! Instant snack-sized Santas.
- ❖ **Popcorn Snowmen** Take a set of plastic cups and, using a magic marker, decorate each cup to add a snowman face on the front (using a red marker to add a scarf or hat). Fill the cups with popcorn for your guests.
- ❖ **Holiday Hot Chocolate** A staple of the *Polar Express* party experience is a warm cup of hot chocolate. Add a little extra holiday zest to a traditional hot chocolate drink for your guests by adding $\frac{1}{4}$ teaspoon of peppermint extract or cinnamon to your guests' beverages, or even dipping a fun-sized peppermint stick into each cup for some added flavor.

POLISH THAT TRAIN: SETTING UP YOUR SPACE

After the preparations are set, it's time to set the space and kick off your party! On the day of your *Polar Express* event, as decorations are put up, make sure to follow these tips below to line up your space for maximum fun.

- ✿ **Make Introductions Easy:** Nametags are enclosed in this kit to place at the front of your event for arriving guests. In addition to being useful, these tags will serve as an initial icebreaker to help attendees introduce themselves as they get settled.
- ✿ **Help Guests Focus With Activities:** Make copies of the enclosed reproducible activity sheets to provide parents with *The Polar Express*-themed materials to offer to children who need distraction while waiting for the festivities to start.
- ✿ **Make Reading the Focus:** The most magical part of *The Polar Express* is reading it out loud. Set up a center stage at your party that's clearly labeled as the read-aloud stage. Encourage guests to gather around the stage before the program begins so they'll be ready to listen and enjoy!

ALL ABOARD! FINAL TIPS AND TRICKS FOR YOUR EVENT

Use these final tips and tricks to set the stage for your *Polar Express* party.

- ✿ Remember that 15–20 minutes is the limit that most young children can sit for any read-aloud session. Keep games and other activities moving to engage children and keep the read-aloud portion short and sweet.
- ✿ Make sure to arrange the children on the floor around you so that they all feel connected to the book and all can see clearly.
- ✿ During the read-aloud session, encourage children to respond and participate as you read the story to make it more engaging for the audience.
- ✿ Snack time is fun time, but use it wisely. Make sure to provide snacks that are healthy, easy to handle, and aren't distracting during set events.
- ✿ Most importantly, make sure to have plenty of copies of *The Polar Express* on hand for guests to read and explore during the event!

REINDEER GAMES: FUN ICEBREAKER ACTIVITIES FOR GUESTS

Below are some fun icebreaker and circle time activities for you and your guests to set the stage for your party. Use at the start to introduce guests together, or anytime throughout to keep things moving!

- ❖ **Holiday Trivia:** Split your party guests into teams of three. Using the questions provided in the page marked “Holiday Trivia,” ask each team a question, going around until you run out of questions, assigning a point for each correct answer. Keep a tally of the points and add them up at the end. The winning team wins a prize—a copy of the book or a package of holiday candy!
- ❖ **Winter/Holiday Facts About Me:** Ask all of your guests to stand in a circle with one person in the middle. The person in the middle will make a winter/holiday related statement such as: “I love snow days!” and those in agreement must move from their spot in the circle to another open spot. The person in the middle should take this opportunity to find a spot in the circle too. One person should be left in the middle, and the person in the middle should now make a statement to continue the game!
- ❖ **Guess Which Holiday Books:** Before your party, wrap up a few classic holiday books and choose three clues from the book to write on top of the wrapping paper. For example, if you wrapped up *The Night Before Christmas* you could write: 1) Christmas Eve, 2) Sugar Plums, and 3) Santa Claus. Give each guest a piece of paper to write his or her guesses on. The guests who guess the most titles correctly win a prize—any one of the wrapped books or candy canes!
- ❖ **Who Am I—Holiday Edition:** On a set of index cards write down classic Christmas characters from books or movies (one character/card). Then pass out the cards and tell your guests not to look at what’s written down on their card. Go around the circle and have each guest hold their card up for everyone else to see as they ask a yes or no question about the name on their card. Go around until someone figures out what character they are!
- ❖ **Create Your Own Holiday Adventure:** Pass out the enclosed worksheet marked “Create Your Own Holiday Adventure.” Give guests time to fill in the blanks and then go around the circle and read them aloud!

FUN FACTS ABOUT THE POLAR EXPRESS

In celebration of the 30th anniversary
of *The Polar Express*, enjoy these fun facts about the book!

Feel free to use how you'd like at your event!

- ✿ According to Chris Van Allsburg, the book started with an image of a train standing alone in the woods.
- ✿ The Pere Marquette 1225 train, now in Owosso, Michigan, was the inspiration for the story. As a child, Chris Van Allsburg played on the engine when it was on display, and to him, the number 1225 meant 12/25, Christmas Day!
- ✿ The real 1225 train inspired the animated train, and they recorded the 1225's different locomotive sounds to use in the movie.
- ✿ Chris Van Allsburg said that *The Polar Express* was the easiest of his picture book manuscripts to write. He created only one draft and had to make only a few changes to the text.
- ✿ *The Polar Express* is done with oil pastels, and to get the night lighting just right, he mixed color complements (reds with greens, oranges with blues) to bring out the hues of colors in low light.
- ✿ The mood and palette for *The Polar Express* were inspired by the paintings of the nineteenth century German artist, Caspar David Friedrich. He was a landscape artist who created panoramic views with single small figures in the composition. Chris Van Allsburg wanted to use the tertiary colors, the browns and the violets, to get the somber atmosphere he saw in Friedrich's work.
- ✿ In North Conway, New Hampshire, they reenact the Polar Express ride with an old steam engine that makes a trip to a nearby ski lodge. The passengers (which include many kids in their pajamas and bathrobes) disembark there, where about a hundred citizens of North Conway, dressed as elves and carrying lanterns, greet them. At the lodge there's a presentation of the story, Santa appears, and as they leave, all the children are given a small sleigh bell to take home!
- ✿ Van Allsburg has an artistic connection to another Christmas classic—in 2014 he designed the sets for the Michigan Ballet's performance of *The Nutcracker*.
- ✿ The setting of the book is based on Van Allsburg's childhood home in Grand Rapids, Michigan.
