

## Virtual Volunteerism with Reading Is Fundamental

Below is a list of suggested volunteer activities you can use to support children in your community whether they are learning virtually or in-person during this rapidly changing educational landscape. Use these turnkey ideas along with your own supplies to help support children's learning during these difficult times. Once you've completed the activity, we suggest you share the final product with a school or other youth-serving entity in your community (or feel free to contact us if we can help connect you to a member of the RIF community). To get started,

1. [Register](#) as a RIF Volunteer,
2. Complete your RIF volunteer activity, and
3. Report back to RIF (we'll send you periodic requests to record your volunteer hours with us and share photos of your activities once you've registered with us).
