

RIF's Reading Log App

Create a Positive Reading Culture with an Easy to Use Tracking Tool

Help students make the grade by integrating a new tool that makes tracking reading easy and rewarding. Introducing RIF's Reading Log App where book lists and time spent reading can be simply tracked and safely shared. This free interactive app was developed with digital natives in mind to help them list, log and share their reading time all school year and see the positive impact reading makes in their lives!

Turn the page on paper-based reading logs and use the RIF Reading Log App.

Getting Started Using the RIF Reading Log App:

1. **SELECT** a great book.
2. **DOWNLOAD** RIF's Reading Log App for free from the Google Play or the Apple App Store
3. **SCAN** your book using the app or find it in the reading log before you begin reading.
4. **READ!** Read! READ!
5. **SHARE** when you have finished the book or books. Use the share button and email your book list and reading progress to your teacher or perhaps a grandparent.
6. **SAFETY** is RIF's top priority. All data collected is stored locally on your device and only accessed with those you select.
7. **REWARD** reading by selecting and collecting a special badge that you will see every time you log in.

Reading Is Fundamental's Reading Log App aims to engage children in sustainable reading practices. Reading impacts every area of academic success but reading often takes stamina and motivation to develop and sustain interest. The RIF Reading Log App positively influences reading behaviors by activating and incentivizing a student's motivation to read.
