

I Love My Hair *Gracie's Corner*

Ooh, ooh, ooh, ooh, ooh.

Hey, hey, hey, yeah.

Look in the mirror and who do I see?
Someone that's beautiful staring at
me.

A smile so bright with sun-kissed skin
This love I have it starts from within
Living my life so free

Natural hair, lovely It doesn't matter
if it's up or it's down

Proud of my hair cause it is my
crown.

My hair I love, I love, I love my hair
(Aye)

I love, I love, I love my hair I love my
hair

Come along and sing with me

Kinky, curly, cute I love down to my
roots

Sweet like lemonade I love my hair in
braids

Royal down to my socks

So in love with my locks

Can never get enough

I love my afro puffs

My hair I love, I love, I love my hair
(Aye)

I love, I love, I love my hair I love my
hair

Come along and sing with me

If you love your hair say yeah (yeah)

Say I love it, I love it, I love it... (I love
it, I love it, I love it)

My hair

Kinky, curly, cute

I love down to my roots

Sweet like lemonade

I love my hair in braids

Royal down to my socks

So in love with my locks

Can never get enough

I love my afro puffs

My hair

I love, I love, I love my hair (Aye)

I love, I love, I love my hair I love my
hair I love my hair.
