

The Perfect School

Imagine you could design your very own school, just like A.J. and his classmates! Draw or write about what your school would look like, what students would learn, and what would make it special. Explain how your school would make learning fun and exciting for everyone.

A full-page sheet of graph paper featuring a uniform grid of small squares. The grid is composed of thin, light blue lines on a white background. There are no margins, text, or other markings on the page.
