

It is summer.  
Time to lay eggs.

# Minnows

Minnows are small fish.  
They live in ponds.  
They live in rivers.

A male minnow  
makes a nest.  
He finds a good spot.  
It is under a rock.

Cut along  
dotted lines.

①

Fold down along  
middle (printed  
side should face  
outward)

②

Fold pg. 2 over  
on top of pg. 3

③

Fold pg. 5 over  
on top of pg. 4

④

CENTRAL  
RF

The female likes it.  
She lays eggs.

\*\*\*

Look! Baby fish come  
out of the eggs.  
His job is done!

She does not stay.  
Daddy cares for  
the eggs.

He keeps them safe.
