TRICK-OR-TREAT MAZE

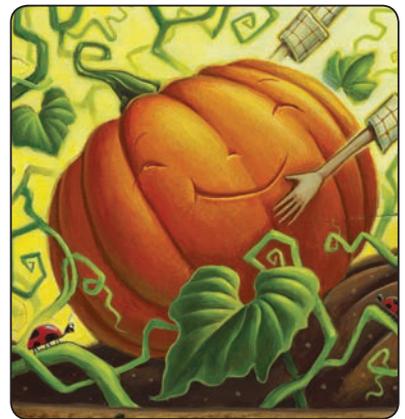

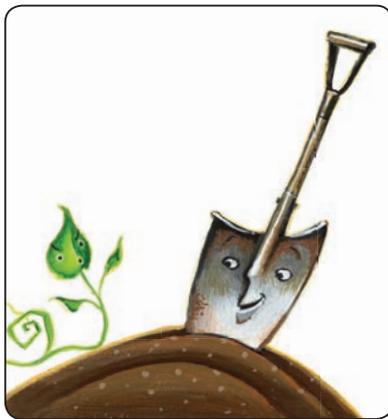

Help the trick-or-treaters
find their way to the porch
for a Halloween treat!

GROWING ACTIVITY

Seasons change as days go by, and plants grow up just like you do!

Draw a line to connect the pictures in order to show how one little seed grows into a big jack o'lantern!

PUMPKIN-CARVING TEMPLATES

With a grown-up's help, carve your own Little Boo!

1. Have a grown-up carefully cut a hole around the stem at the top of the pumpkin; remove the top. Scoop out the flesh, pulp, and seeds.
2. Tape a template to the front of a pumpkin and carefully "trace" the design on to the surface by poking holes with a pencil or pen.
3. Remove the template, and have a grown-up carve along your pattern with a miniature saw or carving tool.
4. When you're finished, place a small candle or flashlight inside the pumpkin, and watch the carved design shine!
