

# Whoosh!

## LONNIE JOHNSON'S SUPER-SOAKING STREAM OF INVENTIONS

### A RIF VOCABULARY SCAFFOLD

**jukebox:** a machine that plays music when you put money into it

**junkyard:** a place where you can buy, sell, or leave trash and things you don't want anymore

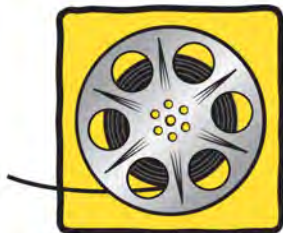

**nozzle:** a short tube on the end of a hose or pipe that controls the way liquid flows out

**orbiter:** a vehicle or device that travels around a planet or moon in space

**reels:** something that is used to hold and release film or tape

**scrap metal:** small pieces of metal left over after the larger parts have been used to build or make something

**tape recorder:** a machine that records, or copies, sound and can play recorded sound

**transmitter:** a device that sends out radio or television signals

**walkie talkie:** a small radio for receiving and sending messages, kind of like a cell phone

**workshop:** a place where things are made or repaired
